FAMILY HOUSE WITH THREE APARTMENTS

Fažana

499,900 €
1,773 €/m^2

Istria is generally an economic and cultural center, supported by a Mediterranean climate that is extremely pleasant and healthy for life in the winter and summer months. Right on the southwestern Istrian peninsula is the Municipality of Fažana, which faces the sea and the islands of the Brijuni archipelago, and is only 4 kilometers away from the capital city of Pula. The Municipality of Fažana consists of beautiful spacious beaches, very attractive and modernly decorated tourist facilities and settlements, beautiful newly decorated promenades and a lot of accompanying facilities, and is becoming a very pleasant place for all-year-round living and very suitable for tourist and other investments.

Right in the area of the Municipality of Fažana, in a peaceful environment, is this beautiful family detached house of 282 m2 with a garden and three spacious parking spaces. The house consists of 3 separate residential units on two floors. On the ground floor there are two two-bedroom apartments with separate entrances, which have, in addition to two bedrooms, a living room, kitchen, bathroom, and each has a very pleasant covered terrace, which offers us the possibility of using the apartments for people with reduced mobility. The apartment on the first floor with an area of 141 m2 consists of an entrance hall, an open-type living room with high ceilings and a decorative open-type fireplace that gives us a special atmosphere when using it. The living room, kitchen and dining area are connected into one spacious open-type room with access to a covered terrace ideal for enjoying relaxing moments. In addition to the above, the apartment has a spacious hallway, a large bathroom with a shower and a separate walk-in shower, and three illuminated bedrooms. The entire building uses wood-fired central heating for the heating system, and there is a boiler room with a storage room on the ground floor. Each residential unit has separate air conditioning units with separate external units that are not connected. The entire house is equipped with high-quality PVC joinery with double glazing, mosquito nets and roller shutters, equipped with household appliances and elements and is being sold as such. The orientation of the building is ideal southwest, which is also a great advantage when choosing a property.

The aforementioned house is immediately habitable and very comfortable for family living, and has a lot of potential for business investment and investment in terms of engaging in hospitality activities, renting out the entire house or apartment with a guaranteed quick return on investment.
