Peroj, Vodnjan

40,160 €
80 €/m^2

Vodnjan is a small historic town in southern Istria, not far from Pula. It is known for its well-preserved medieval architecture, narrow stone streets and rich cultural heritage. The town is particularly famous for the Church of St. Blaise, which houses a collection of relics and mummified saints.

Agricultural land is for sale in Peroj in a highly sought-after location, just 1 km from the sea and 1.3 km from the town center. The land with a total area of 502 m^2 has a regular rectangular shape and completely flat terrain, which allows for easy planning and optimal use of space. Access to the land is neat and secure via an access road, and an additional advantage is the already submitted application for urbanization.

There is a possibility of purchasing a larger area.

Due to its position and potential, this property represents an excellent investment opportunity. The proximity of the sea and the development of the surrounding area further increase its value. Ideal for those looking for a secure investment with the prospect of future development.
