Municipality of Fažana – a house with great potential for family life and investment

In one of the most sought-after locations in Istria, in the municipality of Fažana, known for its well-maintained beaches, promenades, the Brijuni Islands and excellent connections with Pula, there is a detached family house that offers exceptional potential for a comfortable life, tourist rental or a combination of living and generating additional income.

The special feature of this property is its quiet location surrounded by greenery, and at the same time it is only a few minutes drive from the sea and all necessary amenities. The house

borders state-owned agricultural land that can be leased, which gives the future owner additional space for a garden, children's playground, recreation or other needs.

The house with a total living area of 163.50 m² is located on a building plot of 394 m² and is organized in a way that allows the formation of one, two or even three separate residential units.

On the ground floor there is a fully furnished apartment of approximately 80 m², ready to move in, with its own entrance that provides complete privacy to future owners.

The ground floor also includes a spacious tavern with a fireplace preparation and a separate entrance, which can be arranged as an additional apartment, studio or socializing area.

On the first floor, which has a separate entrance, there is an apartment in a high unfinished phase of approximately 50 m². The planned layout includes a living room with a kitchen, two bedrooms, a bathroom and two roof terraces. The future owner can complete the arrangement according to their own wishes and needs.

The property is connected to the complete infrastructure - electricity, water and sewage. Preparations for a swimming pool, the first phase of central heating have been carried out, and there is a possibility of installing a solar power plant and a charging station for electric vehicles.

Location

The house is located in an exceptionally quiet location between Pula and Fažana, away from the noise of the city, surrounded by nature and greenery. The sea is approximately 1.3 km away, or about an 18-minute easy walk. Nearby are shops, a bus stop, bike paths, restaurants and beautiful Fažana beaches.
